February 1, 2021

Dear Member,

I am pleased to provide this update to the membership on the progress of our COVID-19 testing program currently running at Local 46. Last week we tested 184 members, out of which 2 tested positive and 182 tested negative. As of this writing, we tested 88 members today and all but 1 were negative.

The membership should be reminded that effective today, testing on Mondays will be available from 7:00 am to 6:00 pm. We are providing the extra three hours on Mondays for members who may be at work or who are unable to attend during working hours. Appointments are preferred however if you are unable to make an appointment, you can register on site to have the test done.

Members can now bring anyone over the age of 18 living in your household to also be tested should you need to.

Thank you to our Contractor's Associations who immediately agreed to split the cost of the medical staff from the three joint promotion funds to provide this crucial service.

I am still working on extending the program and am currently communicating with Premier's Office regarding this.

Please stay safe, wear a mask and maintain social distancing.

Regards,

Robert Brooker
Business Manager
United Association, Local 46
