TO: LOCAL 46 MEMBERS
FROM: ROBERT BROOKER
RE: CONSTRUCTION SITE HEALTH AND SAFETY DURING COVID-19

The Ministry of Labour has issued a guideline concerning construction site health and safety during COVID-19 crisis (the "Guideline"). Visit [this link](#) for the Guideline for your reference.

The health and safety of Local 46's membership is its top priority during this challenging time. Local 46 expects that all contractors will establish policies and protocols that ensure compliance with the best practices set out in the Guideline. Further, Local 46 expects that contractors will review the policies and protocols with the membership so that all stakeholders understand what is required.

Local 46 has sent correspondence to the various contractor's associations for distribution to the contractors setting out its expectation that comply with the Guideline. We encourage the membership to report non-compliance with the Guideline to your supervisors and site health and safety representative. Upon doing so, if the matter is not resolved, we request that the matter be reported to the Union for further intervention as appropriate.

As always, feel free to contact your Union Representative with respect to any issue or concern.

Sincerely,

Robert Brooker
Business Manager
United Association, Local 46
